## OPERATING INSTRUCTIONS

### POWER ON/OFF

Long press the Power button ⏻ for 3 seconds to switch the speaker ON and OFF.

### BLUETOOTH FUNCTION

Stone 1200 Pro supports music playback via wireless connection to a smartphone or other compatible devices.

Note: Compatibility with all commercially available devices cannot be guaranteed.

### BLUETOOTH PAIRING

• Long press the power button for 3 seconds to switch on the speaker. The speaker enters Bluetooth pairing mode automatically with blinking LED to indicate the same.

• Activate the Bluetooth on your smartphone and search for "Stone 1200 Pro" to connect.
• Select "Stone 1200 Pro" from the list of available devices.

Congratulations! Stone 1200 Pro speaker is now connected to your phone via Bluetooth indicated by a solid LED and tone prompt.

Note:
• Stone 1200 Pro remembers previously connected devices; once switched on, the speaker automatically reconnects to the previously connected devices within the working range.
• If pairing is unsuccessful, please remove "Stone 1200 Pro" from the list of paired devices on your phone, bring the phone closer to the speaker and try pairing again.

### SWITCH CONNECTIVITY MODES

Short press the M button on the speaker to switch between Bluetooth/USB connectivity modes.

Note: Modes need to be changed manually. You need to press the Mode button every time you want to change the mode.

### TWS FUNCTION

Turn on the two Stone 1200 Pro speakers that you want to connect in TWS Mode, both in Bluetooth mode.
You need to set only one of the two units and follow the steps below-
• Press and hold the TWS button on one of the speakers for 2 seconds.
• Release the button and wait for a few seconds for the two speakers to connect.
• Enable Bluetooth on your mobile phone and search for "Stone 1200 Pro" to pair.

---

• Select "Stone 1200 Pro" to play music through the two paired speakers.
• Once connected in TWS mode, the TWS button will light up to indicate this.
• Press and hold the 'Play/Pause' button on one of the speakers for about 2 seconds to disconnect TWS mode.

### USB MODE

• Long press the Power button for 3 seconds to switch on the speaker.
• Insert a USB flash drive (containing songs in MP3 format) into the USB port, and it will switch to USB mode automatically.
• Alternatively, short press the Mode button multiple times to switch to USB mode.
• Short press the Play/Pause button to resume/pause playback.
• Press and hold the + and - buttons to go to the next track or return to the previous track.
• Short press the + and - buttons on the speaker to adjust the volume.

Note:
1.Compatibility with all commercially available storage devices cannot be guaranteed.
2.Under any mode, when you insert a USB flash drive into the speaker, it will switch to USB mode and play the stored music automatically.

### HANDSFREE CALLING

• Under Bluetooth connection status, if there is an incoming call, short press the Play/Pause button to accept the call and long press the Play/Pause button for 3 seconds to reject the call.

• Short press the Play/Pause button to end an ongoing call.
• Short press the Play/Pause button 3 times to redial the last contacted number.
• Long press the Play/Pause button for 2 seconds to switch an ongoing call from the speaker to your mobile phone. Long press the Play/Pause button for 2 seconds again to switch the call back to the speaker.

### RESET FUNCTIONALITY

Perform the reset function if the speaker doesn't turn off or doesn't respond properly.

**Step:** Use a pointed object to prick the button inside the reset port to set the speaker to default settings.

Alternatively, you can press and hold the Volume Down button (-) for 5 seconds to revert it to the default settings, turn off the speaker, and clear the Bluetooth connection history of the speaker.
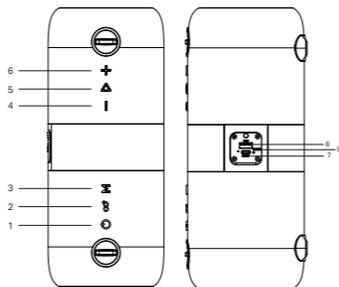

### CHARGING

• When the battery level is 20%, red LED flashes and the speaker makes a low battery tone prompt. The speaker makes a low battery tone prompt again when the battery level is 10%.
• Insert the provided charging cable to charge the speaker.
• When the speaker is in charging mode, the LED remains solid red. The LED indicator turns off once the speaker is fully charged.

Note:
• Please avoid using the speaker while it is charging, as this may decrease the battery's performance.
• If the battery is completely discharged, the speaker may restart. Leave it in the off state and charge it for at least an hour before using it.

## CHARGING NORMS & GUIDELINES
