Download the soundcore app to enhance your experience (firmware update, dongle switching, EQ tuning, gaming mode, and more).

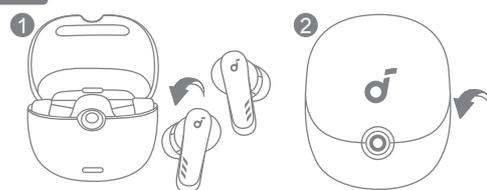

## POWERING ON/OFF

On

Off

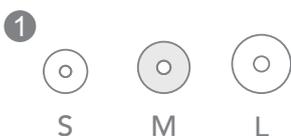

Open the charging case, the earbuds will automatically power on. Place the earbuds in the charging case and close the case, the earbuds will power off.

- To manually power on, place both earbuds in the charging case and leave the case open, press the button on the charging case.
- The earbuds will power off after 30 minutes if they are not connected with Bluetooth devices or with the dongle.

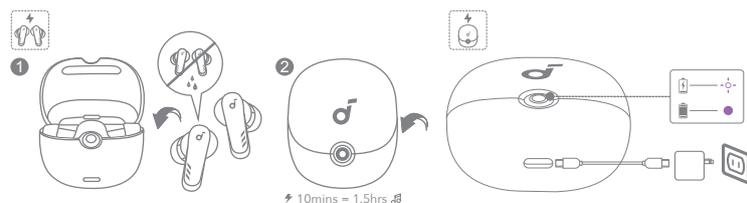

## WEARING

1. Choose the Ear Tips that fit your ears best.
2. Insert the earbuds into the inner canal of your ears and turn gently until you find the most comfortable and secure position.

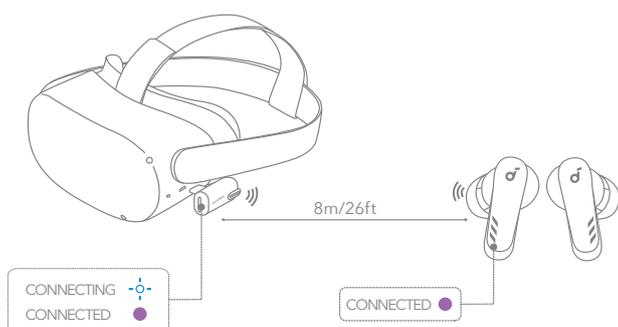

## CHARGING

- Fully dry off the earbuds and the USB-C charging port before charging.
  - Fully charge both the earbuds and the charging case before the first use.
1. Place the earbuds in the charging case and close the case.
  2. Connect the charging case to the power supply by using a certified USB-C charging cable.

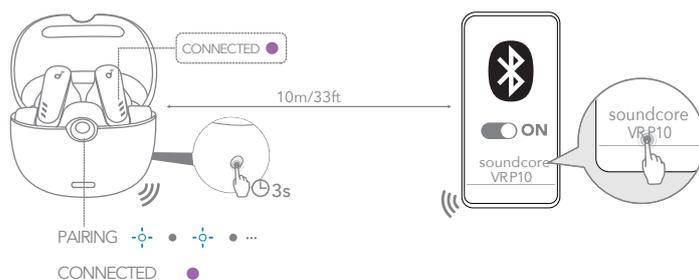

## PAIRING VIA DONGLE

When the dongle is plugged into the USB-C port of your VR headset or gaming console, the earbuds will automatically connect with it and be ready to use.

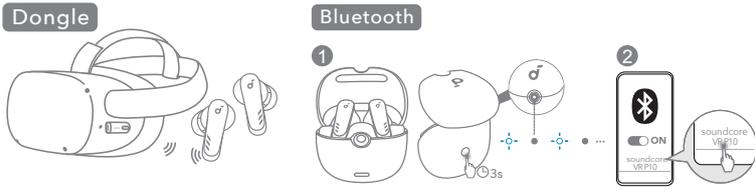

## BLUETOOTH PAIRING

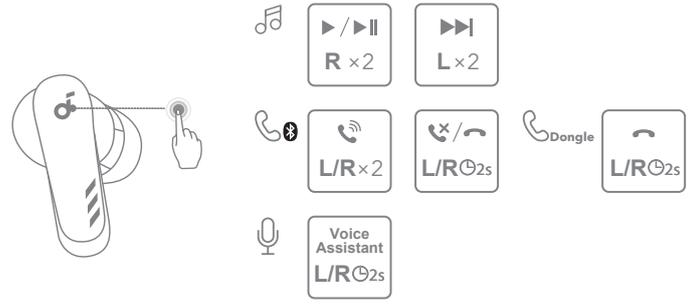

Open the charging case, then press and hold the button on the charging case for 3 seconds to enter Bluetooth pairing mode. Select "soundcore VR P10" from your device's Bluetooth menu to connect. \*During Bluetooth pairing, the connection between the earbuds and the dongle might break temporarily. The connection of dongle will resume when the Bluetooth pairing succeeds or when you return the earbuds in the charging case, then close and open the case.

# DUAL CONNECTION

The earbuds can connect with two devices (via dongle or Bluetooth) at the same time.  
 You can only play music from one device at a time.  
 If you have an incoming call on the Bluetooth device, you can hear from both connected devices at the same, but the volume on the dongle-connected device will be lower than that on the Bluetooth device.

# CONTROLS

- In the soundcore app, you can customize the controls, e.g. enable a single tap to adjust volume.
- Controls may vary when connected via the dongle if the console's system is incompatible.
- Adjust the volume level via the connected device or in the soundcore app.
