

MMX 330 PRO

Gaming Headset

Order # 1001163 (black)
Order # 1001566 (MANUFAKTUR)

FEATURES

- Open design
- Soft over-ear pads for high comfort
- Headband pad with a recess in the area of the fontanelle
- High-quality microphone for excellent intelligibility of speech
- Single-sided, detachable cable with an integrated remote control
- Made in Germany

SUPPLIED ACCESSORIES

- 1 x Connection cable with 2 x 3-pole mini jack plugs (3.5 mm) to connect to a headphone output and microphone input, e.g. PC
- 1 x Adapter with 2 x mini jack sockets (3.5 mm) and 1 x mini stereo jack plug (3.5 mm) to connect to mini combination jacks (3.5 mm), e.g. game consoles, tablets, smartphones etc.

DESCRIPTION

MMX 330 PRO is the ideal headset for all gaming and multimedia applications. Due to the open design, the gaming headset impresses with its high spatiality and wide sound stage. Acoustic in-game events can therefore be localised immediately.

The headset is supplied with a detachable connection cable with 2 x 3-pole mini jack plugs to connect to a headphone output and a microphone input. The delivery includes an adapter for connecting the headset to game consoles or notebooks and other devices with a combination jacks.

Due to its cardioid polar pattern, the high-quality condenser microphone favours the frontal voice, while it is insensitive to signals from other directions. Soft headband and ear pads contribute to a high level of long-term comfort. If necessary, the headband and ear pads can be replaced. Furthermore, the headband pad comes with a recess around the fontanelle to relieve pressure.

The MMX 330 PRO MANUFAKTUR version can be customised in the beyerdynamic online shop.

Gaming Headset

Order # 1001163 (black)
Order # 1001566 (MANUFAKTUR)

TECHNICAL SPECIFICATIONS

Headphone

Transducer type	Dynamic
Operating principle	Open
Wearing type	Over-ear
Frequency response	5 - 40,000 Hz
Nominal impedance	48 Ω
Sound pressure level @ 1 mW/500 Hz	96 dB
T.H.D. @ 500 Hz	< 0.05 %
Power handling capacity	30 mW
Headband pressure	5.5 N
Weight	318 g
Length and type of cable	2.5 m / straight cable, detachable, single-sided with 5-pole stereo jack plug
Connection	2 x mini stereo jack plugs (3.5 mm) for headphone / microphone, adapter 1 x 4-pole mini jack plug (3.5 mm) to 2 x 3-pole mini jack sockets (3.5 mm)

Microphone

Transducer type	Condenser (back electret)
Operating principle	Pressure gradient
Polar pattern	Cardioid
Power supply	AB powering
Supply voltage	2 - 9 V
Current consumption	0.6 mA
Sensitivity at f = 1 kHz	21.6 mV/Pa
Frequency response	20 - 20,000 Hz
Max. sound pressure level	121 dB
Microphone output	unbalanced
Length mic boom	approx. 190 mm
Microphone head diameter	13 mm

(All specifications acc. to EN 60 268-7)
