- Disconnect/ Reconnect Media Device: Double press the Ⓞ button to disconnect the current connected device. Double press the Ⓞ button again to reconnect the speaker with the previously paired device.

Bluetooth Connectivity:

- Turn the speaker on. Its LED indicator stays red until the pairing is done
- Activate the phone's Bluetooth function and search for "Stone BUJJI". As soon as the speaker gets selected and paired by you, the connection gets indicated by a sound prompt.

Note:

- The speaker can automatically reconnect to the last paired device
- If you are having connection troubles, then remove Stone BUJJI from the list of paired devices on your phone, keep the phone closer to the speaker and try pairing again

TWS:

You can connect two Stone BUJJI and virtually forge them into one speaker for a greater impact. For TWS connection:

- Turn on both the speakers
- Press and hold MFB on one of the two speakers for about 2 seconds until you hear a beep
- After releasing MFB, it may take a few more seconds for the speakers to connect
- Activate the phone's Bluetooth function and search for "Stone BUJJI" to establish pairing

Charging:

- Stone BUJJI beeps once every 5 minutes when the battery is low. After three such indications, the speaker automatically turns off
- Utilize the provided charging cable to charge the speaker
- The LED indicator turns into steady red while charging; the same goes off as soon as the speaker gets fully charged
