Turn ON the pTron Bluetooth Headset & wait until it flashes Blue & Red Light alternatively. That means the Bluetooth Headset in “pairing Mode”.</p> <p>2. Turn On the Bluetooth of your phone or device.</p> <p>3. Search for “pTron BT” in your available Bluetooth device list and click to connect.</p> </div> <div data-bbox="1309 882 1324 901"> <p>2</p> </div>	<div data-bbox="1555 185 1961 233"> <p>4. After successful connection you will hear the voice prompt “pTron BT is Connected”.</p> </div> <div data-bbox="1555 242 1761 273"> <p>Re-connection:</p> </div> <div data-bbox="1555 281 1961 404"> <p>After turned ON, headset will reconnect to the last paired device. If there’s no prior connection history, or if it fails to reconnect to any device, the headset will enter standby mode and wait for connection.</p> </div> <div data-bbox="1555 423 1792 454"> <p>Connection Lost:</p> </div> <div data-bbox="1555 463 1961 585"> <p>When your phone turns off Bluetooth feature or is out of wireless range, the headset will enter into standby mode. If connection is not restored within 5 minutes, the unit will Turn OFF automatically.</p> </div> <div data-bbox="1555 604 1774 635"> <p>Auto-power Off:</p> </div> <div data-bbox="1555 644 1961 794"> <p>The device will become automatic shut down if there is no connection for 5 minutes or the headset’s battery gets discharged. Once the battery level of headset becomes low up-to 10% it will prompt as “Low Battery” and the red light will flash in every 5sec.</p> </div> <div data-bbox="1555 803 1961 849"> <p>Note: Keep the headset on charging when you hear “Please Charge” voice prompt</p> </div> <div data-bbox="1752 882 1767 901"> <p>3</p> </div>	<div data-bbox="2005 185 2242 216"> <p>Troubleshooting:</p> </div> <div data-bbox="2005 233 2420 797"> <p>1. Bluetooth Not Searching: If your phone doesn’t find the “pTron BT” in your device then make sure that it must be nearer to the device at 1-Meter of range. And check it must be flashing Blue & Red light alternatively and if it is flashing only Blue light for once in regular intervals that means unit is already connected with some other device. So first un-pair it from old device & make new device.</p> <p>2. Auto-disconnection: Charge the headset 100% & reconnect your device after restarting your phone or the headset is in standby mode for more than 5 minutes.</p> <p>3. Device Connected but No Music/Calls: Check the settings of your Bluetooth connection and make sure that Call & Music function must be activated.</p> <p>4. Support/Compatibility: “pTron BT” is compatible with all iOS/Android phones & all other devices with Bluetooth function.</p> </div> <div data-bbox="2199 882 2214 901"> <p>4</p> </div>	<div data-bbox="2454 185 2861 390"> <p>5. Neck Fitment: “pTron BT” Bluetooth headset is completely flexible and can be twisted or bent at any angles to fit into your neck.</p> <p>6. Water Resistant: “pTron BT” is IPX4 rating water resistant/sweat-proof & dust proof so it can withstand against light water drizzle or during gym/exercise.</p> </div> <div data-bbox="2454 399 2861 550"> <p>Caution: Using incompatible USB cable or high voltage chargers can damage the product & void the product warranty. We strongly recommend using DC5V-1A chargers & the USB cable included in the package.</p> </div> <div data-bbox="2454 563 2611 594"> <p>Disclaimer:</p> </div> <div data-bbox="2454 602 2861 779"> <p>The colors and specifications shown/mentioned in the user manual may differ from the actual product.
