Troubleshooting:

1. Bluetooth Not Searching: If your phone doesn't find the "pTron Bassbuds Urban" in your device then make sure that earbuds must be nearer to the device at 1-Meter of range.

5

Check it must be flashing Blue & Red light alternatively from left earbud. If it is flashing only Blue light for once in regular intervals that means earbuds are already connected with some other device.

2. Auto-disconnection: Make sure earbuds are fully charge to 100%. Reconnect your earbuds after restarting your phone & Bluetooth earbuds. Otherwise, reset your phone Bluetooth settings.

3. Device Connected but No Music/Calls: Check the settings of your Bluetooth connection and make sure that Call & Music function must be activated.

4. Single Earbud Plays: If Only one earbud plays then follow the below steps.

(i) Un-pair the previously paired "pTron Bassbuds Urban" from your phone or device & turn off Bluetooth of your device.

(ii) Now take out both the earbuds together from the charging case & wait until they get matched to each other.

(iii) Now turn ON the Bluetooth of your device and add a new connection of "pTron Bassbuds Urban".

6

---

5. Mono Use: Take out any one earbud from the charging case & search "pTron Bassbuds Urban" in your phone or Bluetooth device.
